Print and bring one copy of this form to the scheduled prospectus defense. The chair of the supervisory committee must return the completed form to the student's [graduate academic advisor](#) within 24 hours of the completion of the defense.

For the defense process and evaluation criteria, students and committee members should consult the pertinent degree program handbook:

### Supervisory Committee Evaluation:

Each committee member will vote "pass" or "fail" for the defense based solely on whether the prospectus and the student's answers during the defense indicate that the student is prepared to begin intensive research on the proposed topic. Majority vote will determine whether the student passes or fails. A tie vote will result in a failed defense.
